DETAILED ACTION

Allowable Subject Matter

1. Claims 1-8, 11-21 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The limitations of independent claims 1, 11, 14, and 21 do not appear to be found in the Prior Art of Record. The Prior Art does not teach nor suggest in the claimed combination "third and fourth logical volumes [are] synchronized only after the data from the first and second logical volumes are copied to the third and fourth logical volumes, respectively. In addition, as recited in the amended claims, the sync state between the respective volumes is broken also after the data from the first and second logical volumes are copied to the third and fourth logical volumes. This sequence of steps recited in the above claims is not taught or even suggested" in the Prior Art of Record (Applicants remarks, page 12, lines 3-10).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
